

## **HARBOUR MASTER'S NOTICE 02 – 2018**

### **K.S. Anderson No.1 – Berthing of large vessels**

Remedial work to the fender system on this berth has been completed. Parameters for the manoeuvring of large vessel to KSA1 have been amended as follows:

#### **BERTHING AND UNBERTHING:**

Berthing and unberthing will take place in winds of up to 25 knots from any direction (subject to pilot's assessment of current weather conditions and ship characteristics.)

#### **UNBERTHING:**

Two tugs will be used for the un-berthing of all vessels with a displacement of greater than 55,000 tonnes.

For further information contact the Harbour Master on 0439 209 120.
