FOR TRAVEL OUTSIDE THE ABOVE SCHEDULE, EITHER CALL PORTLAND TAXI 131008 OR MISSION SHUTTLE BUS 0400 620 453. ANY TRAVEL OUTSIDE THE ABOVE IS TO BE AT THE PASSENGERS COST.

*** This trip is the last trip from the mission to seafarers back to vessels**

PORT OF PORTLAND CREW MOVEMENT ON PORT

Due to the high numbers of mobile equipment operating across the Port, pedestrian access for crew members is limited to KSA berths 1 & 2 to the Mission to Seafarers. Please ensure the information below is read and followed.

Only crew performing vessel related activities such as draft surveys, handling stores / spares, disposing of rubbish, tending lines, etc. are allowed to move around the berth area and only then in the immediate vicinity of the vessel.

Port of Portland operates a scheduled bus service for crew members of visiting vessels to either leave the Port or visit the Mission to Seafarers (located on the K S Anderson wharf between Transit Sheds 1 and 2).

Crew on vessels berthed on KSA 1 and KSA 2 must meet the scheduled Mission shuttle bus at the Mission to Seafarers. This pick up point is reached by following the signs and yellow lines from the berth(s) which lead directly to the Mission.

Mission shuttle bus pick ups on Berth 5 and 6 will be at the bottom of the gangway only. Do not walk away from this pick up point as the Mission shuttle buses are instructed to pick up and drop off at the gangway only.

No payment is required when using the Mission shuttle bus unless it is outside the scheduled service times.

Crew wishing to use the Mission shuttle bus outside of the schedule can do so by calling the Mission shuttle bus direct on 0400620453. However, the fare must be paid for by the passenger.

If crew members pick up a taxi cab from the township they will be charged approximately \$12.00 - \$15.00.

Only those crew members with Port of Portland crew passes will be picked up by the Mission shuttle bus or taxi cabs. The crew passes are for crew identification only and will not allow access either in or out of the Port. Vehicles are the only means of access to and from the Port for vessel's crew.
